

## Installation of the **MEHARI** inside mirror

1/ The manufacturer have equipped the Mehari with 2 models of mirror.  
If the fixation holes of your new mirror not matched with the holes of the windscreen, you must make some modifications.

2/ Fix the mirror with a screw, then mark and drill ( diametre 2mm ) a hole for the second screw.

3/ Screw, and fix tightly the second scew.
